The Emmaus Journey is more than a camp! Emmaus is part of your life-long journey with Jesus and your Christian family.

The first step is a weekend away where you can hear young people share stories from their lives, and you can share in times of worship and fun.

To continue the journey your group will hold regular meetings to learn from each other, support each other, and just be together.

These follow-up groups will also help you make a difference in your faith community.

Experience Emmaus and share the journey.
